

## Purchasing your License pre race day

Contributed by Cindy  
Wednesday, 04 October 2017

When you purchase your license online with SNZ you will receive a confirmation of purchase from them.

If you have NOT received your license by race day you MUST take your proof of purchase with you to the track (ie; on phone or printed out).

You will then be issued a One-day license to race under for free.

If you do not have your Proof you will be required to PURCHASE a One-Day license for \$60 if you want to race.

You can get your Membership at the track however you asked to get to the track earlier. Cheers
