From Aimee Barnes:

Tonight Jemma raced in Wellington for the Wellington Ministock Champs.

Her first race grid was 5 and she drove well, it was a hard fast race with a battle between the front six cars, she finished in 5th.

Her second race grid was 17 and she moved through the pack in the first half of the race to sixth and then picked off the next two cars to finish in 4th. At the end of the second race Jemma was tied on points for second place in the champs.

Her third race grid was 16 and she got a great start and was up to fifth by half race distance, she worked her way through and managed to finish the race in 3rd, getting the car that was tied with her on points on the start finish line to finish one point ahead and win the Wellington Ministock Champs! Á1

Such a proud sister! She drove so well the entire night! Super clean and fast! Her car still looks immaculate!

Congratulations to Anthony Hocking and Keegan Cotter for 2nd and 3rd respectively.

Big shoutout to Debby McPhee and Keith McPhee for always supporting the Youth Ministocks and to Wellington Speedway for putting on the meeting!

Well done Jemma, from everyone at Oceanview!
